SUCCESSFUL FIELD DAY

The field day put on by the baseball management on Tuesday was a big success in every particular, and the weather for the day was all that could have been wished for.

Capt. McCall, in his Curtiss plane arrived from Calgary during the non hour, and on landing was welcomed by President Rose of the baseball club, and a number of other leading citizens.

In the afternoon an immense crowd gathered at the fair grounds to witness the flying stunts and passenger carrying flights of Capt. McCall, and to enjoy the line program of sports that had been arranged.

The flying of Capt. McCall was a great treat to those who had never had the opportunity of witnessing anything of the kind before, and was much enjoyed by all. He made seventeen flights with passengers during his stay here.

The sports program was full of interesting contests from start to finish, the auto races, foot races, horse races, tug of war, lugging contest, etc., all furnishing high class sport.

The excellent music by the Citizens' Band during the afternoon was an enjoyable feature of the occasion.

The success of the day was a very enjoyable social affair and was largely attended.

The receipts of the day were most satisfactory, totalling over \$600.00. This sum is sufficient to wipe out the liabilities of the baseball organization and leave a handsome balance. The entire balance has been handed over to that worthy institution the Citizens' Band.

WORLD'S CHAMPIONSHIP BASEBALL

The world's championship baseball series is now being played between the Chicago White Sox and the Cincinnati Reds, the pennant winners in their respective leagues.

The first game of the series was played at Cincinnati on Wednesday, the Reds winning 9 to 1.

The second game, at Cincinnati on Thursday, was won by the Reds 4 to 2.

The third game, played at Chicago on Friday, was won by the White Sox 3 to 0. The fourth and fifth games will be played at Chicago.

Both teams are confident of winning the championship and at this distance their chances look about even. The majority of the dolesters predict that Chicago will win, while fans in general are pulling for Cincinnati.

A Well-Spent Afternoon

Those interested in the success of the Woman's Missionary Society must have been delighted with the large gathering at the home of Mrs. Richard Brown on Thursday afternoon. Several of the members took part in the program, giving items of interest from the missionaries in the different fields. The text book for the year, entitled "A Crusade of Compassion for the Healing of the Nations," is a tender life-like description of the needs of the women and children in the hostile world. We commend it heartily to the Claresholm women and earnestly solicit their cooperation in meeting the needs so graphically described in this book.

After the lesson Mrs. Adolph Amundsen sang Matheson's soul-stirring hymn, "O Love that will not let me go." It was beautifully rendered and nothing could have been more appropriate.

At the close of the program refreshments were served by the hostess and a very pleasant hour was spent. It was a great pleasure to have a number of the young ladies present. Ten new members were received. The proceeds of the meeting amounted to \$19.35. The next meeting will be held at the home of Mrs. E. G. Barber, on Thursday, November 6th.

In England the National Union of Railwaymen have gone on a strike, and the situation is considered very grave. The strike has necessitated putting the country on war rations again.

Are you saving? Victory Loan is coming.

Paris, Oct. 2.—The chamber of deputies today ratified the German peace treaty by a vote of 372 to 53.

Washington, Oct. 2.—President Wilson is a very sick man and his condition is less favorable, it was said by Dr. C. T. Grayson, the president's physician, in a statement issued at 10 o'clock tonight from the White House.

St. Thomas, Ont., Oct. 2.—When Hon. F. G. Macdormid was nominated by the Conservatives of West Elgin yesterday he declared that the United Farmers movement was "a twice" that should be destroyed at once. The farmers had been ill advised and he urged any farmers present to realize their mistake. "I am a farmer," he declared, "and I appeal to you as a farmer."

Buying Victory Bonds is Common Sense Act

Investing of profits in Victory Bonds has a particular appeal to western farmers. The action is a sort of merry-go-round in which the farmer makes money at each turn. Not only does he gain a good rate of interest, but he assures himself of a market for his products at profitable prices.

The big business of Canada is built on foreign trade. This foreign trade has to be financed. Victory Loan proceeds provide the credits, the farmer is provided with markets.

The grain grower of the west is receiving \$2.15 a bushel for his wheat, and proportionately good prices for his other products. As a matter of fact, the western farmer is urged to invest every cent of his earnings that he can spare in these bonds.

The Hatt Family Relief Fund

DOMINION LANDS Increase in Rate of Interest

PUBLIC NOTICE is hereby given that in accordance with the provisions of an Act to amend the Dominion Lands Act, passed at the last Session of Parliament, and commencing from the 7th July, 1919, where interest is chargeable, the rate of such interest on all new transactions in connection with Dominion Lands shall be six per centum per annum; also that from the 1st of September, 1919, the rate on all overdue instalments in connection with both past and future transactions will be increased to seven per centum per annum.

By order,
L. PEREIRA,
Secretary,
Department of the Interior,
Ottawa, August 26, 1919.

G. W. V. A.

We, the Great War Veterans, extend a very cordial invitation to all men who served overseas, to visit our rooms, situated in the old Leeds Building. Regular meetings at 8 o'clock, every second and fourth Saturdays of each month.—T. Murray, Pres.

The soldiers have given—you must lend.

Would Have Senate Take Definite Stand

Pueblo, Colo. — Reducing his fight for the peace treaty to a direct issue of acceptance or rejection, President Wilson has invited the senate to take a definite and unmistakable stand one way or the other.

Referring to objections that the United States might be at a disadvantage in the league, Mr. Wilson said whoever said more was falsifying or had not read the covenant. He added that there was no validity in the argument that the British Empire could outvote the other nations, because the empire's six votes are in the assembly, which is only the "talking body" of the league. The real power of action, he said, was in the council, whose decisions must be unanimous.

To Deal With Huteries

Manitoba Great War Veterans Ask More Drastic Observance of Regulations

Winnipeg—That more stringent measures be taken to prevent the admission of Huteries to Manitoba, that all Huteries apply to the board of control for a license, and that the board should have the right to ask to take out naturalization papers on penalty of deportation, that, irrespective of anything else, be asked to sign a statement to the effect that they are willing to abide by the laws of the country, including that regarding military service, and that those who refuse be deported once, is the effect of a resolution passed by the provincial committee of the Great War Veterans' Association.

Oxygen Blast Fatality

Montreal—One man was fatally injured, while 14 others were severely burned and some 23 others had near escapes from death on No. 1 shed of the Canadian Vickers shipyard, when a tank containing oxygen caught fire and exploded. The cause of the accident has not been ascertained, but it is thought that the tank was leaking and that the gas caught fire through a small force which stood nearby.

The dead man is James Fairbairn, age and address so far unknown.

Would Conciliate China

Tokyo—Japan is planning officially to invite China to confer on the Shantung situation after Japan has ratified the peace treaty. This fact was communicated to the correspondent by officials, who added that Japan naturally could not compel China to accept the invitation.

Anti-Bolshevik Plot

London—A Bolshevik wireless dispatch reports the discovery of an anti-Bolshevik plot, with ramifications throughout Russia, which is to capture and execute 500,000 men on charges of conspiracy. The plot is said to have originated in Moscow.

Land Settlement For War Veterans

Ottawa—At the opening of the session of the special committee of the House on soldiers' civil rehabilitation, the veteran's league, formerly the Gratiety League, demanding representation before the committee, came up.

The Imperial Veterans of Vancouver had also asked that a representative be heard, and it was proposed to hear their delegates first.

Brig-Gen. McLean suggested that the secretary of the Imperial Veterans at Winnipeg be asked that a delegate be appointed and notify the Vancouver branch, what had been done, and asking if that was satisfactory. This was done in the form of a motion and carried.

Commandant J. G. Evans, of the Army and Navy Veterans, Kingston, requested that his organization be given a hearing by the committee. It was decided to get in touch with W. J. Tupper, Dominion president of the Army and Navy Veterans, asking that he take any action necessary toward appointing a delegate representing the whole organization.

S. Maher, secretary of the Soldiers' Settlement Board, was recalled and questioned regarding claims of administration and the advance of funds to soldiers. By the end of this year it was expected the total output for the department would be \$480,000 for loans and advances. The estimate of \$130,000,000 for fifty thousand soldiers who were expected to

Big Problem For D'Annunzio

Increase in Number of Men Brought About Question of Main-tenance

Trieste—Additional reinforcements to Gabriele D'Annunzio's forces have raised the military strength of his contingent to more than 14,000 men, according to the estimates of allied officers returning from Trieste.

After securing the number of D'Annunzio's men has brought about the serious question of their maintenance, in view of the blockade of the port and D'Annunzio's been compelled to request other persons who have offered him their services to supply some and hold themselves in readiness for a call.

Paris—An Italian detachment with several armed motor cars has crossed the line of demarcation near Tognare, Dalmatia, and penetrated the town after having overcome the resistance of a dozen Jug-Slavs, according to a dispatch from Belgrade received here.

The dispatch adds that United States vessels have left Spain for Tognare.

Around The World By Plane

Aero Club of America Will Set Plans for Race Around the World

New York—Plans have been formulated for an aerial derby around the world, for which the prizes may total \$10,000. It was announced here by the Aero Club of America.

A special committee has been appointed to make a tour of the world to arrange stopping places, obtain permits and organize committees in every country through which the flyers pass.

Disregards may be used by the competitors for a part or all of the trip. The League Can Exist Without U.S. Paris—In an explanation to the Chamber of Deputies, Premier Clemenceau said that the League of Nations could exist even though rejected by the United States senate, asserted that it was precisely because the French felt that the League of Nations was an insufficient guarantee for some years to come that they proposed the League.

General A. Ross Swain in Toronto, Ont. Brig-Gen. Arthur Ross, of Kingston, was sworn in by the Lieutenant-Governor, Sir John Hordne, as minister in the Great War Veterans' League.

As announced by Premier Hordne, the Soldiers' Civil Rehabilitation Act, the Soldiers' Settlement are to be under the administration of the new minister.

It would be difficult to secure any figures.

The matter of settling Imperial soldiers, exercises men, on the way of receiving serious consideration, Mr. Maher. It was felt that it would be about all the land the board could handle in placing Canadian soldiers, he said.

Mr. McNell asked if there was not a minimum amount of land available in unimproved land, now left under reserve.

Mr. Ashton answered that some land throughout acres of Indian reserve land would soon be made available for sale to the soldiers. Several townships of forest reserves had also been freed and several other townships were under investigation. These lands go to the soldiers free of purchase. Certain grazing leases are being investigated.

No grazing lease lands had yet been released for soldier settlement.

No Discrimination Against Farmers

Board of Commerce Desires to Enquire Into Profits of Manufacturers

Toronto—There is nothing in the charge that the farmers have been discriminated against," said Major Duncan, leader of the House of Commons, in answering the allegation of spokesmen of farmers that produce had been the subject of a "shortage" of goods, and that, for other necessities of life had been, so far, left untouched. "The court has been created but a short time," he said, "and it chose to investigate first what it considers the most pressing cases. It will reach the clothing and boots and shoes and other industries in a short time—as soon as possible."

Retain Oil Fields For People

Would Have Western Leases Arranged to Allow Indians to Exploit Them

Ottawa—Col. J. A. Currie, North-Sioux, has given notice of the following motion:

"That in view of the indications of great oil fields existing in northern Alberta and Saskatchewan, the law governing leases to oil prospectors should be changed so as to encourage independent oil prospectors, and that the same time, a royalty on the oil found for the benefit of Canada."

That the civil service commission should be enlarged so as to give representation to returned soldiers on said commission.

That a general amnesty should be granted to soldiers undergoing terms of imprisonment for military offences committed during the war.

Profiteers In Montreal

Charging Sixteen Cents a Slice for Apple Pie

Montreal—The board made before the Board of Commerce that restaurants were charging sixteen cents a slice for apple pie, that false teeth manufactured at five dollars a set were sold at 200 per cent. profit, that sugar was retailed at thirteen cents a pound in many cases and could not be secured at all unless other goods were purchased in others, and that bread was sold at excessive prices.

Dr. Sturges of the Baker Welfare League, urged that there should be some control of the price of milk. He also said that an investigation conducted by the league last summer in the poorer districts of Montreal showed that in sixty-five per cent of the cases, the milk being supplied was unfit for human consumption.

To Sell Surplus Grain

Amendment to Act Provides for Sale of Excess to Defray Administration Cost

Ottawa—An amendment to the Grain Act, of which notice has been given, provides that if the amount of grain in an elevator on August 31 is in excess of one-quarter of the average of the gross amount of the grain received in the elevator during the crop year, such excess surplus shall be sold by the Board of Grain Commissioners and the receipts applied toward the cost of administration of the Canada Grain Act.

Threaten Italy With Boycott

Paris—President Wilson has made some reply to the proposition of neutralizing France and the internationalization of the docks and railways. The nature of the reply is not disclosed, and the American peace delegates refuse to discuss it.

In Italian circles, however, it is reported that President Wilson has rejected the proposal and has threatened an economic boycott, if Italy persisted in delaying France without making any concessions being reached among the powers.

Demand Nationalization of Mines

London—The parliamentary committee of the Trades Union Congress has drafted a demand for presentation to the government demanding the nationalization of mines, in pursuance of the resolutions of the recent Glasgow congress.

It is understood that the demand is not an ultimatum, but that it is couched in strong terms.

Vancouver, B.C.—The steel strainer War Charlot was successfully launched from the Conklin yards, Mrs. George Edwards, wife of the chief accountant, acting as sponsor. The War Charlot is the last of the imperial munitions board strainers to be launched under the war time orders.

W. N. O. 1283

Senate Labor Probe

Labour Commission's Investigation of Nation-Wide Strike Strife

Washington—Arrangements have been completed for the beginning of the senate labor commission's investigation of the nation-wide strike strife. Chairman Keegan announced receipt of assurances from John Fitzgerald, chairman of the strikers' congress, and from the employers' side, that no one on hand to prevent labor's side of the controversy.

Senator Thomas, Democrat, Colorado, in an address on the floor of the senate, criticized the strike in bitter terms, declaring it had been called on the thinnest excuse, and that the principal object was "to disturb and bedevil industrial conditions," and that the participation of hundreds of thousands of men in strikes throughout the country became almost civil war.

Primary objects of the senate investigation, Senator Keegan said, would be the setting forth before the public the real causes and objects of the strike. "If this," he said, "is the Chairman Gary of the United States Steel Corporation, who is said to appear Wednesday, according to Senator Keegan's plan of procedure, he will be asked for a detailed statement and then be subject to cross-examination by all members of the committee. It is hoped to complete the enquiry and render a report to the senate within a fortnight."

Senator Keegan holds the hope that the investigation, in its enlightenment of the public, may affect the progress of the strike. The committee is expected to learn from the sides of the dispute, exactly how many men and plans are affected, and how many men are unemployed, and how many non-unions, what percentage remain "loyal," what collateral unions and industries are involved, and what concessions immediately led to the strike.

Good Crops In Dry Districts

Late Fall Proving Most Profitable Crop in South-Central District

Swift Current, Sask.—No frost has yet appeared in this district, the year having established a record in this respect. As a consequence, many farmers have started cutting fields of flax that promise excellent yields in the autumn. Fortunately, taking the district as a whole, there is a large amount of late flax, and it now seems assured that most of it will be successfully harvested. One farmer in the vicinity who counted on no crop is realizing over \$4,000 from his crop, having a costly amount of seed from last season.

Fire in New Parliament Buildings

Ottawa—The new parliament buildings were the scene of a fire, and for the fireproof construction a conflagration such as that of February 1916, might have ensued. The blaze occurred in an inside room in the basement among some boxes, and the firemen had to drag their hose through corridors, etc., in order to reach the fire. The damage to property was about \$2,000, but whether the fire was caused by a defective wiring or by a careless person, is not known. The fire is a great disappointment to the new parliament buildings.

No Danger From Germany

Paris—When the Chamber of Deputies resumed discussion of the German peace treaty, Andre Tardieu refused certain objections to the treaty made by M. Marin regarding the military forces Germany will be allowed to maintain. M. Tardieu declared the German army should be reduced, under the terms of the treaty, to a sort of permanent sufficient guarantee for the execution of the military clause in the treaty.

China's Peace Decoration

Pekin—In the mandate issued by President Hsu Shih Chang, formally declaring the state of war between China and Germany at an end, General Tsal Chi Jul, the former Premier, who was responsible for the declaration of war, was awarded a decoration. The honor accorded him is in the category of the Grand Order of Merit.

Grain Act Amendment

Ottawa—Sir George Foster, Minister of Trade and Commerce, has given notice of an amendment to the Grain Act, providing that in the event of a shortage of grain in any year, the crop year ending August 31, 1919, should be taken as the quantity of grain in the terminal elevators.

Wants Canadian Cattle

London—The Daily Mail, in an editorial stating great food production, says that the importation of cattle from Canada should be permitted.

Plea For Solidarity Between The Allies

Salvaging Old Bullion

Difficulties of Getting Up Bars of Specie Are Immense

London—A good many exaggerated estimates have been put into circulation regarding the success of the bullion salvaging operation in connection with the steamship Laurentic, which lies a few miles off the entrance to Lough Swilly. The fact is that of the \$33,000,000 worth of specie which the liner was carrying to America when mined in January, 1917, probably not more than \$2,500,000 has been recovered. Of this about \$1,250,000 was saved a year ago, when operations had to be suspended owing to German submarine activity.

It is not so much the actual hooking up of the bars of gold that is difficult, as the dealing with the hundreds of tons of metal plates of the bullion. These have to be blown up with gelignite and shifted before the bullion can be reached. Each bar is worth about \$6,000, and the recovery of two bars is reckoned a fair day's work. It is supposed that the salvaging has been going on for some time in charge of a naval commander, and at various points on the journey the officer is met by government officials, to whom he reports "all safe."

For A New Palestine

Proposal For A Union of Palestine, Syria and Mesopotamia

London—Habibi Lottfallah, chief of the Syrian union committee, informed the Associated Press that Prince Feisal, son of the King of the Hedjaz, has accepted a proposal to be put forward by the committee for a union of Palestine, Syria and Mesopotamia. Prince Feisal's acceptance, he said, was given on condition that the British Government approved the plan. The proposal already has been laid before the cabinet, he added, which is considering it.

The scheme provides for the appointment over the united nations of a governor-general to be selected by Great Britain, France and Syria. The executive bodies, a chamber and a council representing the three united states on a democratic basis, and the drafting of a constitution.

American Marines Take Action

Copenhagen—United States Marines landed from a torpedo-boat destroyer to compel the Italians to evacuate Trau, Dalmatia, according to a dispatch received here from Spalato. The dispatch adds that the United States Marines were ordered to fire on them and that Jug-Slav troops took over the town from the United States soldiers.

Irish Doctors Strike

London—The doctors of Dundalk, Ireland, have struck to enforce a minimum salary of seven guineas (about \$35) weekly for all public services. Their present salaries are about \$25 a year. A number of patients applying for treatment at dispensaries have been refused.

Postal Notes For U.S. Forbidden

Ottawa—Owing to the high rate of exchange on New York, the post office department has issued instructions that no further postal notes whatever will be sold for remittance to the United States.

May Avert Strike On British Railways

London—By a curious coincidence on the day Sir Eric Geddes has formally taken office as new duties as Minister of Transport, the Government was confronted by an ultimatum threatening stoppage of the whole railroad system of the country on the basis for the standardization of the men's wages, which has been in dispute since the month of March, is settled to the men's satisfaction. When it is remembered how fierce was the opposition to Transport Bill, which created the new government, not in its passage through parliament, the coincidence is perhaps not without significance.

The tenderness of the action of the Government in the matter of the men's wages, and the possibility of avoiding a strike, therefore, looks more hopeful.

Paris—Premier Clemenceau

delivered his long-expected speech in the debate on the ratification of the peace treaty in the Chamber of Deputies. The whole trend of his arguments in favor of the treaty was one of solidarity between the allies, who united in war, must be united in peace. Mr. Clemenceau admitted that the treaty contained many imperfections, but said it was the culmination of the work of "the coalition of liberation," the first of its sort in the history of the world, as the treaty was the dawn of a new era. He recalled the dark days of 1917, and declared to the opponents of the treaty that if a peace proposal had been received then, returning Alsace and Lorraine to France, no Frenchman would have a few as the invasion of any other place, but would have accepted it.

The treaty brought back more than he lost provinces; it placed France on the highest pinnacle of fame and honor, and in a few years would bring prosperity. Those who had spoken in the debate, the Premier pointed out, had criticized the details, but he said that the treaty, considered, accepted or rejected as a whole, whether the instrument was helpful or harmful to France.

The Premier's effort was tremendous. He remained on the tribune for more than two hours. Many times he seemed to waken, his voice succeeded in being accepted as inevitable beyond the first row of government benches. But he waded off the tribune, and all quarters of the chamber for rest and doggedly continued to display his indomitable spirit.

Austria Wants Monarchy

Movement Afoot to Restore Hapsburgs By Choice of Young Archduke Otto

Geneva—A movement is on foot in Austria to restore the monarchy with the former Archduke Joseph Otto, eldest son of the former Emperor Charles, as king, according to a Budapest dispatch. The former emperor would be named regent, the archduke would be the sole ruler.

The Archduke Francis has not yet reached his seventh birthday, having been born November 20, 1912. Former Emperor Charles and Empress Zita were last reported as living quietly in a chalet at Prangins, Switzerland, near the shores of Lake Geneva.

To Buy Cereals

Buenos Ayres—Colombia, with the request made on behalf of Germany for a \$100,000,000 loan with the Argentine government, has been refused by the Argentine government. The committee of the Chamber of Deputies made a majority report of the committee, which was accepted by the government to open a \$200,000,000 credit for Italy, France and Great Britain.

The Argentine government has agreed to buy 15 per cent of the Argentine cereals. The loan would be for two years and bear interest at 5 1/4 per cent.

To Settle Irish Question

London—The Evening News announces that as the result of a consultation by the Cabinet with Viscount French, the Lord Lieutenant of Ireland, another attempt will be made by the Government to settle the Irish question, and that Viscount French will retain his office.

May Avert Strike

London—By a curious coincidence on the day Sir Eric Geddes has formally taken office as new duties as Minister of Transport, the Government was confronted by an ultimatum threatening stoppage of the whole railroad system of the country on the basis for the standardization of the men's wages, which has been in dispute since the month of March, is settled to the men's satisfaction. When it is remembered how fierce was the opposition to Transport Bill, which created the new government, not in its passage through parliament, the coincidence is perhaps not without significance.

The tenderness of the action of the Government in the matter of the men's wages, and the possibility of avoiding a strike, therefore, looks more hopeful.

FRIDAY, OCTOBER 3, 1919

TO PREVENT UNEMPLOYMENT

Next year will be well advanced before Canada's main expenditures for war can be completed. Every dollar that can be raised for the Victory loan 1919 will be required.

Although the war ceased in 1918 the war expenses went on. This is just as much a war year as last year was, as far as the money is concerned. Pressing liabilities incurred by the war and involving vast sums of money have to be cared for. The simplest and most profitable manner in which this can be done is for the people to provide the money themselves.

The Victory loan 1919 is expected to just as much consideration as was given to its predecessors. It is up to every loyal Canadian to do his utmost to make the new loan an overwhelming success. The continuation of the prosperity of the nation is wholly dependent upon it.

It was naturally to be expected that trade depression in the Dominion would have followed the armistice but this was averted by the application of a large proportion of the last Victory loan as credits to Great Britain and our Allies for grain, dairy produce, fish, lumber and ships. These credits were absolutely necessary and strictly good business. They must be continued. They are national reinvestments. The debts will be paid eventually and in the meantime industrial and agricultural workers will be kept in busy and lucrative employment.

Rural and industrial Y. M. C. A.s are being introduced into western Canada quite rapidly this year, and a large number of places are finding out from experience that the Y. M. C. A. is not a city institution only. A Rural or County Association has been in operation on Vancouver Island all summer while another has been organized in the Okanagan Valley of B. C. and in the Okla-Diary district of Alberta. Each of these County Associations takes in four, five or six towns with the surrounding country and carries on a program of activities which does not require the erection of any special buildings. A number of other communities in both provinces are negotiating with C. D. Thornton of Vancouver, the Y. M. C. A. secretary in charge of this work for Alberta and British Columbia.

Why You Should Buy Victory Bonds

Because
You will get 5½ per cent interest on your money.

You will get full value for your money practically at any time you may require it.

You will have an investment backed up by the entire resources of Canada.

You will have a guarantee as safe as any greenback.

You will be allowing Canada to do your banking temporarily for you.

You will be taking advantage of your last chance to subscribe to a Canadian Victory Loan.

There appears to be an impression amongst sportsmen that there is no bag limit on grouse, commonly called prairie chicken, and partridge. Section 5 of the Game Act provides for a bag limit of ten grouse per day, one hundred for the season. If they kill two partridge (ruffed grouse) they will be only allowed to kill eight prairie chickens the same day. The sale, purchase or the serving of such birds at meals is prohibited. A charge is made is also prohibited.

NOTICE

The semi-annual meeting of the Curling Club will be held next Wednesday evening at 8 o'clock in the council chamber, for the final revision of the roll of officers and members for publication in the Annual of the Association, payment of annual fees, election of skips, and making necessary preparations for the curling season.

J. B. Boese, Pres.

Lutheran Convention at Enchant

The Medicine Hat Circuit of the Norwegian Lutheran Church of Canada will hold its regular fall convention at Enchant, Oct. 11-14. The topics for discussion are: Luke 19, 1-10; "Religious Instruction of the Young" and "Missions." The pastors of the circuit as well as representatives of the Lutheran congregations, are expected to be present to take part in the meeting.—H. G. Fattland, President.

TOWNS ACT

Section 79, Subsection 2— "The name of the wife, husband, son or daughter, of each person assessed shall only be entered on the voters' list on application of the person who claims to have his or her name so placed on the voters' list."

See that your name, or the name of your wife, husband, son or daughter, who is of the full age of 21 years, and a bona fide resident of the town, is entered on the list which is now posted up in the office of the Secretary-Treasurer.

The Why? of Another Victory Loan

WHEN, on the morning of November 11th, 1918, the guns were hushed and glad tidings flashed across the world, there followed with the Nation's Prayer of Thanksgiving, one yearning query, which found echo in the faster beating hearts of wives, mothers, fathers, brothers, sisters and sweethearts. That query was, "How soon will our boy be home?" And, from France and Flanders, from Italy and Egypt, from Palestine and from far-off Siberia, there came an answering echo, "How soon, how soon, may we go home?"

CANADA caught the spirit of these longings, and at once resolved to satisfy them. It was an appalling task. Shipping was tragically scarce. The composition of the Army of Occupation had not then been settled. And other parts of the Empire as well as Canada were looking for the speedy return of their men.

THE problem was this. The half-million men that Canada had overseas had taken more than four years to transport to the field of battle. To bring them home in a few months was a gigantic undertaking—one to tax all Canada's ingenuity and resources. Canada solved the problem, but it meant crowding into a few short months, an expense for demobilization which it was impossible to foresee.

THEN, too, besides the sentimental aspect of the necessity for bringing the men home quickly the economic side could not be overlooked. That was, to transform efficiently and speedily the nation's army of fighters into a national army of workers.

Need Divides Itself in Two Parts

(b) To provide national working capital.

Obligations to Soldiers

That already incurred cost of bringing home troops from overseas. The payment of all soldiers still demobilized. This includes more than 20,000 sick and wounded who are still in hospital, and who of course remain on the Army payroll till discharged. The upkeep of hospitals, and their medical and nursing staffs, until the need for them is ended. These three items alone will use up at least \$200,000,000 of the Victory Loan 1919.

Gratuities

There is also the gratuity which has been authorized, and has been and is being paid to assist soldiers to tide over the period between discharge and their re-adjustment to civil life. For this purpose alone, \$61,000,000 must be provided out of the Victory Loan 1919, in addition to the \$59,000,000 already paid out of the proceeds of the Victory Loan 1918.

Land Settlement

Furthermore, soldiers who desire to become farmers may, under the Soldiers' Land Settlement Act, be loaned money by Canada with which to purchase land, stock and implements. The money so advanced will be paid back; meantime each loan is secured by a first mortgage. Up to August 15th, 29,495 soldiers had applied for land under the terms of this Act; and 22,281 applications had been investigated, and the qualifications of the applicant approved. For this purpose Canada this year requires \$24,000,000.

Vocational Training Service Departments, embraces the major activities of the Department of Soldiers' Civil Re-establishment, an appropriation of \$57,000,000 is necessary.

Those who give thought to our outstanding obligations to soldiers, and to our need for national working capital, cannot fail to be impressed with the absolute necessity for the

Victory Loan 1919

"Every Dollar Spent in Canada"

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada.

McClary's Sunshine

A FURNACE easy to manage; a furnace that is economical of fuel; a furnace that will heat your home comfortably.

Miss Olga Smedstad, of the telephone staff here, has been transferred to the Didsbury office leaving on Tuesday last for her new position.

Considering the inclemency of the weather last Saturday, the sale of Earl Atkinson's horses went remarkably well. The horses were all sold and brought good prices.

Lee Elgin returned on Tuesday from a trip to the mountains where he spent a few days hunting mountain goats. He brought home all the law allowed him, according to report.

Mr. G. Camblin, of the Canadian Bible Society, will preach in the Methodist church next Sunday morning, in Clear Lake school house at 3 o'clock in the afternoon, and in the Presbyterian church in the evening.

J. A. Harrison returned home on Wednesday morning from attending the international convention of the Maintenance of Way men at Detroit, and the Dominion Trades and Labor Congress at Hamilton.

Lieut. MacCardell returned from overseas on Monday last. He has been in the Royal Air Force for the past three years. During the last year of the war and since the war he has been in England teaching others to fly. He will leave shortly for Edmonton to resume his old position in the land titles office.

A Thanksgiving chicken pie supper will be given in Harrison Hall on Friday, October 10th, under the auspices of the Methodist Ladies' Aid. Before the war this was an annual event and was looked forward to with much pleasure. The ladies are hoping to make this a real social time and have put the price of the supper at the same as it was five years ago, fifty cents for adults and thirty cents for children. After the supper a good program will be given by local talent. Supper will commence at 6 o'clock.

Fined for Using Shotgun Argument

On Sept. 29th Mr. and Mrs. G. Clifton appeared before N. G. Holmes P. M. at Gramam. The former was charged with pointing a shotgun at Chas. Vaile and the latter with assaulting Vaile by attempting to strike him with an iron bar.

G. Clifton pleaded "guilty." Mrs. Clifton pleaded "not guilty," but was convicted on the evidence of Mr. and Mrs. Vaile.

From the evidence it appeared that a difference of opinion arose between the two parties over a horse trade and accused pointed the shotgun at Vaile by way of persuading him to give him a bill of sale of a horse purchased.

In giving judgment His Worship severely censured accused for enforcing his argument with a shotgun and fined him \$50 and costs. Mrs. Clifton was fined \$1 and costs for her part in the fracas.

J. K. Watt appeared in the instance of complainant and Corp. Vise attended to the police end of the case.
